What this adds to your website

Show products together as bundles, starter sets, or themed collections. It helps customers find related items and understand what belongs together.

Who it is for

A strong fit for Ecommerce and Wholesale or B2B websites.

What is included

- Browse products that belong together
- See recommended product groups
- Understand what each bundle includes
- Use bundles with an approved product catalog

How it helps your business

- Improve product discovery
- Explain related choices
- Create more useful shopping paths

Standard setup

Standard installation and configuration are included in the monthly price after compatibility approval.

Website compatibility

Available for eligible websites built and managed by Lobbicore. Compatibility is confirmed before installation.

Important to know

- Custom engineering and unusual integrations require a separate quote
- Third party subscriptions and usage charges are not included unless stated

How installation works

- Request a compatibility review. No payment is collected from the Marketplace page.
- Lobbicore confirms the website, scope, content, access, schedule, and final price.
- A developer installs the approved capability in a controlled test environment.
- The website owner reviews the result before release.
- Lobbicore verifies the live release and confirms ongoing support details.
